The University of Texas Health Science Center at San Antonio Department of Developmental Dentistry is seeking applications for a full-time, faculty position as Program Director. Applicants must be board certified in pediatric dentistry and possess requisites for Texas licensure. Major responsibilities will include didactic and clinical instruction for post-doctoral students, responsible for the curriculum of the postdoctoral program and scheduling for all clinical activities. Opportunities are available for participation in an intramural faculty practice plan and pursuit of research interests. The University of Texas Health Science Center at San Antonio is an Equal Employment Opportunity/Affirmative Action Employer. All faculty appointments are designated as security sensitive positions. Please send curriculum vitae and three letters of reference to: Dr. Kevin J. Donly, Department of Developmental Dentistry-MC 7888, 7703 Floyd Curl Drive, San Antonio, Texas 78229-3900.
