The Department of Endodontics at the University of Texas Health Science Center at San Antonio is conducting a search for a dental clinician-scientist. Individuals with a DDS/PhD degree or equivalent are encouraged to apply. Responsibilities include teaching (~60%), research (~35%) and service (~5%). The successful applicant will have significant skills in providing endodontic education and the ability to develop an independent research program. Academic rank and salary will be commensurate with qualifications and experience. The UTHSCSA Dental School will soon move into a new clinical building with a state-of-the-art endodontic clinic. More information about the Department and its educational and research programs can be found at www.Endodontics.UTHSCSA.edu. The University of Texas is an equal opportunity employer with a non-smoking environment. Women, minorities, disabled and veterans are encouraged to apply. All faculty appointments are designated as security sensitive positions. A background check will be required for the final candidates. Please submit a letter of application, curriculum vitae and a list of three references to Anibal Diogenes, DDS, PhD, Department of Endodontics, UTHSCSA, 7703 Floyd Curl Drive, San Antonio, TX 78229. Email: Diogenes@uthscsa.edu. Applications accepted until the position is filled.

The University of Texas Health Science Center at San Antonio is an Equal Employment Opportunity/Affirmative Action Employer.
