The Department of Periodontics, Division of Dental hygiene has a full-time (12-month), non-tenure track faculty position available in the Dental School beginning December 1, 2015. Responsibilities include didactic, clinical, and laboratory teaching for entry level bachelor’s program and online/clinical teaching for bachelor’s completion and master’s level programs in dental hygiene; academic advising; research and scholarly activities; service to professional, community and/or educational committees; and other assignments related to teaching. Must have a master’s degree in dental hygiene or other related field, private practice/clinical experience, computer skills (Word, Excel, Powerpoint, e-mail). Teaching experience in an ADA/CODA accredited program preferred. All applicants must hold a valid dental or dental hygiene license in the U.S. or Canada and be a graduate of an ADA accredited program. Rank and salary are commensurate with qualifications and experience. **All faculty appointments are designated as security sensitive positions.** The University of Texas Health Science Center at San Antonio is an Equal Employment Opportunity/Affirmative Action Employer including protected veterans and persons with disabilities. Submit curriculum vitae to Jo Ann Jordan, Program Director, Department of Periodontics, Dental Hygiene Division MC 6244, UTHSCSA, 7703 Floyd Curl Drive, San Antonio, TX 78229-3900; email jordanj@uthscsa.edu.
