

*MESSAGE SENT ON BEHALF OF
Dr. Bjorn Steffensen
Associate Dean for Research – Dental School*

Dear Colleagues:

If you are in need of research materials from the South Texas Blood and Tissue Center, please see the attached guidelines.

Regards,

Bjorn Steffensen

As you may know, I am currently the Chairman of the Board of Directors of the South Texas Blood and Tissue Center. While the center has always entertained requests for access to its resources for research purposes on a case-by-case basis, we recently decided to take a more organized and proactive approach. One result is the attached announcement. I would be pleased if you would circulate it to faculty members in the Medical School.

In the interests of disclosure, the center requires applicable IRB and HIPAA approvals, and takes into consideration the financial impact of providing research support.

Thanks,

Tony
