

THE ART OF COMMUNICATING SCIENCE

A workshop designed for Postdoctoral
Fellows and Graduate Students

The entire HSC community is welcome!!

Science communication and advocacy:

The legislative arena

Friday, October 26th, 2012

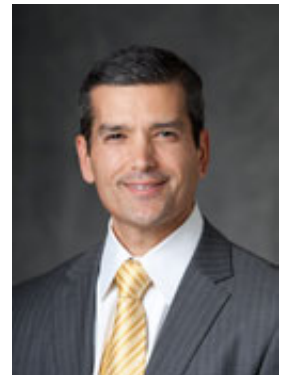

12:00-2:00 in room 409-410L

(Light lunch provided by the Graduate Dean)

Featuring our keynote speaker:

Texas State Representative Mike Villarreal

**“Making Points with Your Legislator: A brief tutorial on
how to present the case for science and science education”**

Mr. Villarreal will be introduced by Dr. James Nelson

A question and answer session will follow

**The workshop will continue (1:00-2:00) for students and postdocs
interested in honing their own skills. Practice presenting your science
to the public, the media, and the legislature. See how easy it is!!!!**

For more information, please contact members of the Science Communication Workshop Committee: Ellen Kraig (chair), Teresa Evans (student representative), Bettie Sue Masters, Dave Sharp, Michael Lichtenstein, Jim Nelson, Linda McManus, Andrea Giuffrida, Nandini Ghosh-Choudhury, Keyt Fischer, Carolina Livi, Luke Rosenberger, and Julie Barker. Thanks also to Dr. David Weiss for his support.
