October 31, 2012

Interim Dean William Dodge  
University of Texas-Health Science Center at San Antonio  
Dental School  
7703 Floyd Curl Drive  
San Antonio, TX 78229-3900

Dear Interim Dean Dodge:

The University of Iowa's College of Dentistry is presently conducting a search for a full-time tenure-track faculty in the Dows Institute for Dental Research. Major responsibilities include: planning and conducting externally sponsored research in the area of existing oral health research in the College of Dentistry, as well as teaching and supervising graduate students. The position is available July 1, 2013; screening begins immediately. Applicants must have: DDS and/or PhD or equivalent, and have expertise that compliments the following existing research areas in the College of Dentistry: Bone and Tissue Engineering; Cariology, Fluoride and Microbiology; Craniofacial Anomalies; Epidemiology, Behavior, Health Policy and Outcomes; or Soft Tissue and Oral Cancer. Additionally, individuals must have a well-developed research program, as represented by publications in peer-reviewed journals and a record of significant ongoing research funding, preferably including US federal support. Academic rank, and salary commensurate with qualifications and experience. Go to Jobs@UIowa at <http://jobs.uiowa.edu/content/faculty/>, reference Req #61793. The following must be submitted: letter of interest, CV, and three letters of recommendation.

Could you please post the enclosed flyer in an appropriate area so that all individuals who may be qualified and interested will have the opportunity to contact me? In addition, any names or information you might suggest will be greatly appreciated and held in strictest confidence.

Thank you for any assistance you may be able to offer. *The University of Iowa is an equal opportunity and affirmative action employer; women and minorities are encouraged to apply.*

Sincerely,

Clark M. Stanford, DDS, PhD  
Associate Dean for Research  
Centennial Fund Professor
