Journal of Dental Research -- Journal announcement

Get published! Submit your research to Journal of Dental Research's Special Issue on Clinical Research

Given the overwhelming success of the 2012 JDR clinical supplement, IADR and AADR are excited to announce that the Journal of Dental Research (JDR) will publish another supplement in 2013 encompassing all areas of clinical research in the dental, oral and craniofacial sciences. This peer-reviewed supplement will bring emerging contributions in translational science to clinical application for the oral healthcare community.

For more details about this supplement, please see <http://www.iadr.org/supplement>.

Papers should be submitted to <http://mc.manuscriptcentral.com/jdr>, no later than January 15, 2013 to be given full consideration.

We look forward to reading your manuscripts.

Sincerely,
Dr. William V. Giannobile
Editor
