

# San Antonio Chapter American Association of Dental Research 2013 Membership

The San Antonio Chapter of the American Association of Dental Research has as its primary goal to support the research efforts at our Dental School, provide a venue for interactions between members of our faculty with an interest in research, and to support opportunities for our dental students to participate in research project that enrich their educational experience. Many of these activities to promote research among the dental professionals of tomorrow would not be possible without the contribution of the members of the SA-AADR.

Among the key activities are organization of the annual science symposium and the fall lecture and dinner to which we invite distinguished speakers to provide us updates on novel developments in dentistry and dental research. We are now in the 31<sup>st</sup> year of these school-wide activities. The Board of the Chapter is formed by volunteer members of our faculty.

During our events, we have made it possible to support our Student Research Group through their fund raising events ensuring a vibrant lunch and lunch program with faculty speakers and providing guidance for fellow students preparing their research and attendance at national and local research meetings.

The generous support by members of our faculty through their annual membership dues with additional support from professional societies have enabled us to sponsor our events. Therefore, since we rely on your generosity, we greatly encourage you to renew your annual membership of the San Antonio Chapter.

For submission of your membership dues, please complete/return the form below to Dr. Guy Huynh-Ba, Dept. of Periodontics, UTHSCSA Dental School ([huynhba@uthscsa.edu](mailto:huynhba@uthscsa.edu)). Please make **checks payable to the San Antonio Chapter, AADR**. If you would like to submit an IDT for your payment, please contact Ms. Madgeline Cluck at 7-3593 or [cluck@uthscsa.edu](mailto:cluck@uthscsa.edu).

Please note that the SA-AADR dues are independent of the national association dues (IADR/AADR) and used solely to support student research and other activities of the local chapter including the Annual Dental Symposium. Your membership will help us motivate our students to participate in dental research and foster awareness of research opportunity within the academic setting.

Thank you for your support!
