Subject: Call for Applications: Dental Trade Alliance Foundation Grant Program

The Dental Trade Alliance Foundation (<https://dtafoundation.org/>) is now accepting applications for their 2013 grant program and expects to award seven \$25,000 grants this year. Proposals are due May 31.

If your school or program has an innovative project designed to improve oral health care for the growing number of needy Americans and would like to be considered for a grant, please review the [guidelines](#).

The DTA Foundation has awarded nearly \$1 million in grant funding to more than 50 projects since the inception of the grant program in 2002. The grant recipients used the funds as seed money for diverse programs with one common goal: to improve oral health care for millions of underserved Americans.

Each applicant must demonstrate that their innovative project will not only improve access to oral care in their immediate geographical area, but also have the potential to grow and be implemented in other areas of the country. Each applicant must electronically complete the [2013 Grant Proposal Application Form](#).

Grant Proposals must be received no later than May 31, 2013.
