## **LIMITED SUBMISSION FUNDING OPPORTUNITY**

### **Purpose**

The W.M. Keck Foundation supports basic research that is **high risk** and has the **potential to transform the field**. You are encouraged to review the website and familiarize yourself with recent grants awarded by reviewing the abstracts posted for the past five years.. <http://www.wmkeck.org/grant-programs/medicalresearch.html>

The maximum grant award is \$1,000,000.

**Internal deadline** for submission of the concept paper\* to the Office of Institutional Advancement is **June 24, 2013**. Following the internal process used for limited submissions by the Office of Research, up to three concepts will be selected. An ad hoc committee will be formed to select the top three, if necessary. The Director of Corporate and Foundation Relations, Linda Lopez-George, in the Office of Institutional Advancement, will provide the Foundation's program officer the concept paper(s) selected. The Foundation officer will review and determine if a phone consultation needs to be scheduled during the July 1-Aug. 15, 2013 window.

If a concept paper among those submitted and discussed with the Foundation is assessed to have strong alignment with the Foundation's funding focus, the researcher(s) will complete the Phase I online application and submit no later than **Friday, November 1, 4:30 p.m. (PT)**

### **Notification**

Receipt of Phase I Applications will be acknowledged within four weeks. Completed applications are then carefully reviewed and the Foundation will notify those applicants that will be invited to proceed to Phase II. No inquiries regarding applications will be entertained in the interim.

Grant Cycle Timeline (Deadlines)

Internal UTHSC : **Concept Paper**: June 24, 2013

**Pre-application Counseling**: July 1 to August 15, 2013
