Dear T32/T90/R90 Program Directors:

I would like to make you aware of a training opportunity through the NIDCR Intramural Research Program in Bethesda, MD that is designed for dentists interested in academic research careers. The NIDCR Dental Clinical Research Fellowship is a two-year or longer full-time program designed to provide training in the latest clinical, translational, and basic research methodologies. Fellows have modest clinical service responsibilities in the Dental Clinical Research Core (DCRC) within NIDCR's intramural program. Although fellowships traditionally begin on July 1st of each calendar year, the start date is flexible.

For more information on this program, please see:

<http://www.nidcr.nih.gov/CareersAndTraining/Fellowships/PostdoctoralScientists/NIDCRClinicalResearchFellowship/>

Please feel free to share this information with interested individuals. For further information contact James E. Melvin, DDS, PhD, [james.melvin@nih.gov](mailto:james.melvin@nih.gov).

Best,

Leslie

Leslie A. Frieden, PhD  
Extramural Training Officer
